Dear Parents,

Children in school will have the opportunity to visit local contrasting habitats on a regular basis.

We plan to pay visits to the Beach, an area of woodland belonging to Hean Castle Estate and the School Grounds.

These visits will happen with all year groups, especially and most often with Early Years and Infant classes. These visits will continue throughout the year. Visits will take place regardless of weather conditions so that children experience the elements of nature at their best and worst and so gain valuable experiences from them.

For example, how water is shed from trees or runs to lower levels or how the wind moves the trees and makes them talk, etc, etc.

Your child will need to have available in school a pair of Wellies and a waterproof coat and perhaps leggings. (early years will need Wellies but will be provided with outdoor waterproof clothing)

These items of clothing could be kept in school in the outdoor shed ready for use or brought into school as required. If these clothing items are kept in school then classes would be able to take advantage of every opportunity to go outdoors at any time. Please make sure that names are clearly marked on all items.

In order to save sending letters home to parents on every occasion it will be necessary for parents to sign the appropriate permission slip (below) which will cover their child's time in school from Early Years up to Year 6.

Please be assured that all visits will have the correct supervision levels and will be organised educational trips with a real learning objective.

If you enjoy the Great Outdoors and feel able to offer help on a regular or casual basis please inform staff in the appropriate classes.

Yours sincerely

Michael Booth

I give permission for my child to take part in local visits linked to the Outdoor Education Curriculum.

I understand that these visits will take place on a regular basis and will normally need no further notification from school to home.

Signed Parent/guardian

Date

Should there be a need to amend any part of this slip please notify us in school A.S.A.P.
